Forecast For Tayside, Central & Fife
Issued by Met Office Aberdeen
at 0400 on Thursday 27 May 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Dry on Thursday with some warm sunshine.

Today:
Cloudy start in parts of Fife and Tay Estuary but this breaking up, Otherwise a fine dry day with some spells of sunshine. Feeling much warmer than of late although onshore breezes keeping eastern coastal districts a little cooler. Maximum temperature 19 deg C (66 deg F).

Tonight:
Some evening sunshine then clear spells tonight. Cloud thickening across Stirlingshire and the Central Belt towards morning, perhaps the odd spot of rain. Minimum temperature 6 deg C (43 deg F).

Friday:
A cloudier day, though still some sunshine across inland Angus, coastal haar possible. Thicker cloud will bring a little rain to the south and west, especially Stirlingshire. Maximum temperature 16 deg C (61 deg F).

Outlook for Saturday to Monday:
Dull damp start on Saturday, but brightening up for most, the odd shower. Quite warm. Sunday looks warm dry and sunny. Cloudier on Monday but still quite bright and warm.
